

```
let score :Int = 40
if (score > 100 || score < 0)
{
    print("Errore")
}
else if (score >= 90 && score <= 100)
{
    print("A+")
}
else if (score >= 80 && score <= 90)
{
    print("A")
}
else if (score >= 70 && score <= 80)
{
    print("B+")
}
else if(score >= 60 && score <= 70)
{
    print("B")
}
else if(score >= 50 && score <= 60)
{
    print("C")
}
else{
    print("Sorry you didn't pass the exam")
}
```
